Subject: **PERFORMANCE EVALUATION STATUS REPORT**

Per your motion of July 24, 2001, we are continuing to collect Performance Evaluation (PE) report data from all departments. Attached is a summary of this data for the period of July 1, 2007 through December 31, 2007. The Countywide overall completion rate for this period is 96%, a 4% increase since the last reporting period.

I am pleased to announce for the first time since the 2001 Board order all County departments, with the exception of the Department of Health Services (DHS), are reporting **100%** PE completion rates. DHS has made significant progress as they continue to implement new procedures to help improve their completion rates, reporting an overall completion rate of 79%, a 16% increase since the last reporting period.

As discussed in a memo to your Board dated May 9, 2007, the County is in the process of acquiring an enterprise license for an Employee Performance System (EPS). The EPS solution, when implemented, will facilitate tracking and timely completion of the employee performance reviews.

We will continue to work with departments who have less than 100% to stress the importance of timely completion of performance evaluation reports. This status report excludes MAPP evaluations which are reported to you separately.

My staff continues to provide Performance Evaluation Workshops as requested by individual departments and also offers open sessions to supervisors Countywide.

Please call me if you have any questions.
